

The CA School Dashboard

PGUSD Board Update
February 8, 2018

Matthew Binder
Director of Educational Technology
PGUSD

The Dashboard

“The **California School Dashboard** is a new website that parents/guardians, educators and the public can use to see how districts and schools are meeting the needs of California’s diverse student population based on the concise set of measures included in the new accountability system. The Dashboard will allow users to search by district or school.”

- *California Department of Education*

Key Aspects of the Dashboard

Multiple Measures:

A **quality education** is more than a single test score.

Emphasis on Equity:

A focus on **addressing disparities** among student groups.

Growth Model:

Measuring **progress over time** (rather than attainment by target date).

Local Decision Making:

Supporting the **local strategic planning** process (*LCAP*)

The Indicators by Priority Area (State or Local)

Priority Area

Basic Services or Basic Condition at schools Priority 1

Implementation of State Academic Standards Priority 2

Parental Engagement Priority 3

Student Achievement Priority 4

Student Engagement Priority 5

School Climate Priority 6

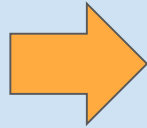

Access to a Broad Course of Study Priority 7

Outcomes in a Broad Course of Study Priority 8

Dashboard: Theory of Action

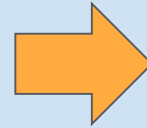

Gap Analysis

Where are the gaps between student groups, schools?

Root Causes

Is it that we lack the right **tools**, the right **skills**, or both?

Plan of Action

What are we going to do now (how is this articulated in the LCAP)?

The Goal: Closing achievement gaps between student groups.

Dashboard Structure

PERFORMANCE LEVELS

Red • Orange • Yellow • Green • Blue

Lowest
Performance

Highest
Performance

Schools and districts receive one of five color-coded performance levels on of the state indicators

California School Dashboard

The Fall 2017 Dashboard shows how districts and schools are performing on test scores, graduation rates and other measures of student success.

Enter a portion of a school name, district name, or county office of education, and then select the Search button to obtain a list of results.

Search **Dashboard Release**

Getting started: Take 2 minutes and learn about what you'll see.

- [Fast Start Guide](#)

- [Get to Know the Dashboard](#)
- [Communications Toolkit](#)

The Fall 2017 Dashboard reports are based on the latest state data available. Read our [fall 2017](#) Data Reference Guide to learn more. The Dashboard will be updated each fall with the most recent available data and design improvements will be made based on user feedback.

Our Analysis

- A majority of our students (student groups) are performing higher on multiple measures (both state and local indicators)
- Two indicators are in need of greater attention: Suspension Rates (grades K-12), Graduation Rate (grades 9-12)
- Identifiable gaps among student groups in two key state indicators (e.g. Suspension Rates, Graduation Rate)

Our Response

- Refine actions/services to better address performance gaps for identified student groups (in School Site Plans and in the district's LCAP).
- Closely examine our instructional practices and procedures through the lens of *equity*. Are all students getting the services and support they need to be successful? (e.g. Restorative Justice, PBISS)
- Develop our own early warning system (real-time dashboard):
“On-Track” module – to include behavioral and social emotional learning measures: ***Illuminate Student Information.***

Early Warning System: On-Track Module

(Illuminate Student Information – ISI)

Students Per Performance Band

40% No Risk
20% Minimal Risk
20% Moderate Risk
20% Extreme Risk

Students At Risk

40% At Risk
60% Not At Risk
